My dear Robertson

I enclose a copy of a letter &c: to have recently addressed to the Joint Stock Banks & Indian Offices inviting a loan of 60 Lakhs of Rupees &c: the Jodhpore Durbar want to raise for carrying on the Balotra Khadipalli Railway extension towards Karachi

The letter &c: has issued with the authority of the Agent to the Governor Genl, sufficiently explains the situation

The Joint Stock Banks are precluded by the terms of their Constitution from advancing the money, & the Indian Offices can only deal on a Sterling basis &c: it is precarious.

The Durbar therefore proposes to issue Debentures to the public, following the recent Hyderabad & Karachi Port-Trust Examples.

But before doing so, they wd be glad to know if the Mysore Durbar wd be prepared to lend the money supposing that terms cd be arranged, & subject to the approval of the Govt: of India.

The Security offered is, as you will see, absolutely sound, & there is no prior lien upon it. I do not believe that if the Mysore Durbar so desired, the Govt: of India wd agree, at the instance of the Mysore Durbar, to pay direct to them every year or half year such portion of the Salt money as might be set aside for the discharge of interest & instalments of principal

The Mysore Durbar recently has

a loan of 15½ Lakhs of Rupees from Bikaner for Public Works, at 4/- p.c. per annum. This has all been repaid, but the Bikaneer Darbar are now extending their own Railways, & are both in a position to advance more money.

Such an arrangement as that suggested is much simpler than offering to the public & may be advantageous to both parties. But before I take any further steps in the matter on behalf of Jodhpore, you will very kindly tell me unofficially if the Jaipore Darbar will be prepared to advance the loan, at say 4/- p.c. at 6h: but it is proposed to offer the Debentures to the Public.

Yrs Sincly

P.S.

I think that only thirty lakhs, instead of fifty, will suffice

Sir

I am authorized by the Jodhpore Darbar to inform you that the Darbar contemplate raising a loan of Govt: Rs 50,00,000 at once for the purpose of completing the Jodhpore section of the Shoshipali - Balotra Railway and to connect the Rajputana Malwa Railway System directly with Karachi via Jodhpore.

The extension has received the sanction of the Govt: of India who have recommended the construction of the section lying within British territory.

The Security that the Darbar proposes to offer for the repayment of the principal

and interest - & the Sale assignments paid annually by the Govt: of India & the Durban, Mk: amounts to Govt. Rs 9,61,395-5-3 a year.

The Durban Mk proposes to repay the whole loan principal & interest within a max: period of from 15 to 20 years as may be agreed. The approval of the Govt: of India Mk to be obtained to the loan & the conditions thereof before the transaction is concluded.

The Durban Town desired me to enquire whether the ..... Mk to be disposed to tender for the whole or a part of the

total amount repd, & if so, upon what terms in regard to rate of interest, period, & instalments of repayments &c.

Requesting the favour of a very early reply

My dear Col Robertson

I think very favorably of the proposal contained in the Jodhpore Resident's letter to you, viz: I buy the Sirsa Estate — The Security is excellent, and the State will be doing a good business financially by investing 30 Lakhs or more in this way, instead of leaving the entire surpluses in Govt of India Pro Notes viz: Security Gives 3%

The backing up of this sum in question in an investment of this kind, for 15 or 20 years

is not likely to inconvenience
us in any way & the transaction
might help to make Hyderabad
better known than it is now in
the north of India - Under
such circumstances, if you do not
consider the transaction undesirable
on any grounds, I should submit
the matter before Residency proposal,
when it comes officially thro'
the Govt: of India with their
approval

whether the interest proposed should

be direct or thro' the Govt: of
India may be left to the
discretion Durbar to decide
I myself would prefer the
latter. This & the details
may be reserved for settlement
when the matter assumes a
more formal & official
shape.

I am moving on to Mudgiri
tomorrow & thence to Gooty Durga
on the 25th

GOVERNMENT OF MYSORE

Bangalore
7th May 1898.

My dear Col: Robertson,

I have studied the terms of the proposed loan of about 40 lacs from the Mysore to the Jodhpur Durbar, as set forth in the enclosures of your D.O. dated the 5th instant. I forward herewith a brief Memo in which I suggest a few alterations as regards details. With these alterations the terms would be reasonable enough.

Owing however

to the present strained condition of the Money Market, arising from the advance of the Plague and consequent dislocation of commerce, the Spanish-American War, the unsettled condition of the Currency question, proposals regarding which appear in todays' papers, &c., the proposed loan, if it has to be made immediately, would, I am afraid, be of some disadvantage to the Mysore State —

Briefly stated the situation is as follows: —

I have no surplus cash in the Treasury.

to the present strained condition of the Money Market, arising from the advance of the Plague and consequent dis-location of commerce, the Spanish-American War, the unsettled condition of the Currency question, proposals re-garding which appear in todays' papers, &c., the proposed loan, if it has to be made immediately, would, I am afraid, be of some disadvantage to the Mysore State —

Briefly stated the situation is as follows: —

I have no surplus cash in the Treasury

from which to make this loan - Nearly the whole of the State's available surplus is invested in Government of India Securities - They now amount to about 127½ lacs - The bulk of them carry interest at 3½ per cent and are guaranteed till A.D. 1907 - If I am required at once to advance the 40 lacs to Jodhpur - I must sell a portion of these Securities - But unfortunately the present is a very bad time for selling any of these Securities as now owing to the causes above mentioned They are quoted at a heavy

discount, namely 94 %
Only 1½ year ago (i. e.
about December 1896
when he invested some
37½ lacs) they were
selling at a high pre-
-mium - By selling
in the present depre-
-ciated Market to
realize 40 lacs, the
loss by discount would
be ~~some~~ over 2¼ lacs -
The placing of some
40 lacs of Government
paper all at once
in the Market may
very probably have the
effect of reducing the
price to something
lower than even 94
per cent and in that
case our loss would be
greater than 2¼ lacs -
If I have to sell now

I would practically be
selling for 40 lacs,
some 42½ lacs of
Government Paper which
a year and a half
ago I had bought for some
45 or 46 lacs in cash.
In this way our loss
would be regarded as
some 5 or 6 lacs —
Our purchase of Gov-
-ernment Paper is al-
-ways intended as a
permanent investment
calculated to bring a
fixed income from
the interest and so
fluctuations in the
market price of the
Paper do not generall-
-ly weigh with us —
It is different however
when we have to sell
for the purpose of
making a loan such

as that proposed now
to Jodhpur. I have
great faith in the
future recovery of the
value of Government
Paper, but owing to
the untoward conditions
above-mentioned, it
is impossible to prog-
-nosticate how long
this would take. The
Government Paper now
quoted at 94 per
cent will of course
realize at par in
A.D. 1924 when the
Guarantee expires —
It is evident that
Jodhpur wants the
whole of the money very
soon but the Market
will take considerable
time to recover —
Under these circumstances,
I shall feel very grateful
if you will kindly study

the question and advise
me as to how I should
act in the ~~matter~~ rather
delicate position in
which I find myself
placed by the present
persistent depreciation
of Government Secu-
rities in which the
whole of the State's
available surplus is
now locked up. I
shall come over to
see you either tomor-
-row or the day after,
as may be most con
venient to you for a
full discussion of
this subject. I
think that before we
proceed further we
should weigh all con
-siderations carefully
and form some de-
-finite conclusions.

Memorandum.

The main terms of the proposed loan from the Mysore to the Jodhpur Durbar as set forth in the enclosures to the Resident's D. O. letter dated Bobbeadmund 5th May 1898, are as follows:—

i. The loan not to exceed 40 lacs, and to be made by payments from the Mysore Durbar direct to the Manager of the Jodhpur Bikanir Railway, in such instalments as he may require.

ii. The loan to carry interest at 4% per annum

81

of 2½ lacs on 1st October and of 1½ lacs on 1st April, the complete liquidation of the entire loan, the first of such instalments being the one of 2½ lacs paid on 1st October 1900. Liberty to be reserved for the Jodhpur Durbar to increase the amount of any of the above half-yearly instalments.

2. There are some matters of detail which I think require definite settlement. It would be desirable to have definite information regarding the dates and amounts of the

instalments in which the Manager of the Jodhpur Bikanir Railway would require the loan to be advanced. It would be convenient if these instalments can be spread over as long a period as possible. I would also like to make the payments at any of the Presidency Banks, as I may find most convenient.

3. A maximum of 40 lacs as the amount of the loan is specified. I would prefer that the exact amount is settled before hand.

33.

4. The proposal is to pay interest only up to 1st October 1900, by means of half-yearly payments on 1st April and 1st October in each year. I accept this.

5. From 1st October 1900 it is proposed to make half-yearly payments of 2½ lacs on 1st October and 1½ lacs on 1st April, in each year, towards both Principal and interest, till the entire loan is liquidated. While agreeing to this scheme of re-payment by fixed payments, I would like the dates

to be allowed. Instead of 2 payments in the year of 2 1/2 and 1 1/2 lacs, I would prefer one payment in each year of 4 lacs on 1st January. This would suit our financial arrangements better, as 1st April and 1st October are very inconvenient dates for us.

6. It is proposed to reserve for the Jodhpur Durbar liberty to increase to any extent the amount of any of the repayment instalments. It would be somewhat inconvenient if such liberty is to be exercised as regards

35

individual instalments or without sufficient previous notice. I would propose instead,

1st that the arrangement now settled may definitely provide for the payment of 4 lacs on the 1st of January in every year (the first of such payments being made on 1st January 1901) like the entire loan (principal and interest) is fully liquidated, and

2ndly that the Jodhpur Durbar may have the liberty hereafter, at any time, to increase the amount of the annual payment from 4 lacs to any higher

figure, such in-
creased payment com-
-ing into effect after
6 months [When] thereof to
the ellyppose Dunbar.

7. Assuming the amount of the loan to be 40 lacs and repay-ment of principal and interest is to be made by annual payment of 4 lacs, the loan will be liquidated in 13.02 years.

8. I wd. like to have all payments to Mysore Dunbar made at Bangalore through the Residents' Treasury.

Semi official. Your Semi official letter 10 May suggested withdrawal by Mysore, after advance was regarded as certain, and all arrangements settled accordingly - was quite unexpected and extremely inconvenient. Endeavours

since made to obtain loan elsewhere unsuccessful. When Mysore offered advance in December, Govt. Rupee was quoted at about 98. It is now well over 95. Jodhpur Durbar are prepared to pay difference between these rates on whole amount sold out by Mysore Durbar for this Loan, which can be reduced to 35 Lacs, to obviate loss to Mysore. Please wire Mysore decision as all work must be closed in Jodhpur & British Territory with Consequent heavy loss, if advance not forthcoming. Letter follows.

Note

I wrote to the Resident a DO letter on 30 inst. pointing out there had yet been no dispute arrangement made Jodhpur that our last investments were made at 109¼ %, that to convert them now at 98% would not pay us & ourselves willing as a friendly act to agree to Conversion at par and requiring repayment in one lump. I have kept no copy of this DO

I saw the Resident at 3 p.m. the same afternoon and agreed to his telegraphing to agent GG to the above effect generally and proposing that Mysore State transfer at par valuation Govt Promissory 3½% to the value of 40 lacs, that Jodhpur State accept the same as loans for that amount and pay interest upon it at 4% till repayments of principal and repay the entire principal ~~in one lump~~ (not by instalments) but in one lump on a date to be agreed upon - say 15 years hence. The text of this telegram was seen & approved by me & we have now to await the reply to it.

At this 30.6.98 by/

transaction as above must be regarded as very favourable for both parties. by

Loan to Jodhpur

The Jodhpur Resident's memo is not very clear as regards the amount of the loan - It however appears that the Jodhpur wish to realize 33½ lacs - 3½% Govt Paper is now quoted at Rs 95% Buyg & 96% Sellers - adopting 95½% as the price which Jodhpur will realize in the present market The face value of Govt Paper to be transferred by Mysore to Jodhpur wd be

$$\frac{100}{95\frac{1}{2}} \times 33\frac{1}{2} \text{ lacs} = \frac{100 \times 33.5}{95.5} = \text{Rs } 35,07,855$$

Omitting the thousands, the Stock required to be transferred is of the aggregate face value of 35 lacs. This Stock I am prepared to transfer at once in favor of the ~~Imperial~~ Bombay Bank or of any person or Bank the Jodhpur Durbar may name

47

The Memo of agreement may be revised as per Draft Enclosed

August 24 – 1898 –

My dear Col Robertson,

I presume the Jodhpur Durbar are still considering whether they want the loan from us or not – It would help my financial arrangements for the year — with Plague and possible famine ahead — to know something definite – I am not anxious to lend as you know, though I will of course lend if wanted by Jodhpur – But it would be very convenient to fix a date beyond which our offer may be regarded as not in force – I only desire that a vague indefinite obligation on the part of my State should not go on continuing month after month so as to upset all my calculations for the year –

The Government Paper is much lower now than when the Jodhpur Resident last wrote to you and so our Accounts are worse for Jodhpur now, than they were then — But we can scarcely help this.-

Yours Sincerely

Sd K. Seshadri Iyer.

Sir,

With reference to your docket No. 13348/Dn.7.26-98 dated 25th May "99, I have the honour to point out that from the memo of interest due to the Mysore Government given in letter No. 393 dated Jodhpur 9th April "99 to the Resident, Western Rajputana States, copy of which was received with your docket under reference, it appears that anticipation interest on Government of India Securities of the nominal value of 25½ lacs belonging to the Mysore Durbar transferred to the Bank of Bombay as a loan to the Maha-raja

Maharaja of Jodhpur, has been cal-
culated from 1st August to 13th October
'98 on 2 2½ lacs and on the remaining
3 lacs from the 30th June to 13th October
'98 which seems to be a mistake, as
all the Government of India securities
aggregating Rs 25½ lacs transferred
belonged to the 3½ % Loan of 1842-

was due from the 1st August '98 only.

Sir,

As desired in your No. 14330 Mis.F.23-98 of the 21st. Such interest id due on the whole amount (25½ lacs) only from the 1st. August 1898 and it has accordingly been calculated from that date; but the Secretary to the Musaheb Ala Marwar, calculates it on 3 lacs from 30th. June 1898 and on the remaining 22½ lacs from 1st. Sir,

It will be seen from the accompanying copy of the Comptroller's letter No. 1336/S.A.380 dated 5/12-th instant, that out of the sum of Rs.66,300 paid by the Jodhpur Durbar in June last on account of interest due up to 31st March 1899, a sum of Rs. 974-11-0 (paid in excess of what was actual-ly due) has been held in deposit, and that the amount to be now paid is (51,000 minus 974-11-0) Rs.50,025-5-0.

Referring to the statement of account

received with your letter No.2146/488-97 dated the 17th May last, the Comptroller remarks that anticipatory interest at 3½ % should be calculated on the whole sum of 25½ lacs from 1st August 1898, and not (as has been done by the Jodhpur Durbar) on 22½ lacs from 1st August 1898 and on the remaining 3 lacs from 30th June 1898. The reason given by the Comptroller is that as all the Govt. of India securities transferred to the Jodhpur Durbar belonged to the 3½ % Loan of 1842-43, anticipatory interest thereon was due only from 1st August 1898.
